

THE COLLEGE OF PRACTICAL HOMEOPATHY

Healing With **Homeopathy**

led by **Julia Linfoot BSc MCPH RSHom**

15/16 September 2012 - 10:00 am to 4:00 pm

This 2 day seminar will introduce you to using homeopathy for health and healing, in a friendly and practical manner and will be a fascinating illumination session for those who are considering taking up homeopathy as a profession. **This course is ideal, if:**

- you would like to learn how to use Homeopathy confidently and effectively to treat your family and friends for a wide range of illnesses and injuries
- you are already using Homeopathic remedies and want to know more
- you would like to pursue an interest in complementary health care, possibly leading to a professional training and future career in Homeopathy

You will be introduced to:

- an overview of the differences between mainstream and complementary medicine and the history and basic principles of Homeopathy including how remedies are made and how they work
- the therapeutic uses of homeopathic remedies, flower essences and herbs to treat common complaints
- how to interpret reactions to remedies, and when to seek professional help

The College of Practical Homeopathy has been training high quality professional Homeopaths since 1990. It runs full time, part time and Distance E Learning courses leading to professional qualifications. The college is accredited by the **British Accreditation Council**. **Ellen Kramer MCPH RSHom** is the Director of CPH and also runs her own busy practices in Islington and Finchley. **The course fees are £50.00.**
